

# Barry Manilow, Something's Comin' Up

Did you ever feel somethin' in the air  
And you block it out, but you know it's there  
Did you ever find, things about to change  
I can see the signs all along my way

And I can feel that  
Something's comin' up  
And I don't know what it is  
Something's comin' up  
And I don't know where it's gonna take me  
But there's something dyin'  
Something bein' born

I think I'm gonna leave, I gotta get away  
Maybe try Mill Valley, maybe try L.A.  
The people I thought I loved  
Well, we don't think the same  
There's fury in my blood  
And I can't stand it one more day

And I can feel that  
Something's comin' up  
And I don't know what it is  
Something's comin' up  
And I don't know where it's gonna take me  
But there's something dyin'  
And something bein' born  
Something's comin' up (comin' up)

Something's comin' up (comin' up)  
Something's comin' up (comin' up)  
Something's comin' up (really don't know what it is)  
Something's comin' up (really don't know what it is)  
Something's comin' up  
And I don't know what it is  
Something's comin' up  
And I don't know where it's gonna take me  
Something's comin' up  
And I don't know what it is  
Something's comin' up  
And I don't know where it's gonna take me
