

Barry Manilow, We Still Have Time

Before the laughter ended
You were a part of me
Why did I ever let the distance grow
When there is still so much of you
I need to know
But we still have time
Time to try
Yes, we still have time
Before the chance
Passes by

We've got to take it
And maybe stumble and fall
But we still have time
To have it all

I don't have all the answers
I don't know where we'd start
I don't know how
We'd try to find a way
I only know
That now I need to hear you say
That we still have time
Time to try
Yes, we still have time
Before the chance
Passes by

We've got to take it
And maybe stumble and fall
But we still have time
To have it all

We've got to take it
And maybe stumble and fall
But we still have time
We all have time
Yes, we still have time
To have it all
