

# Bars And Melody, Love To See Me Fail

i know you love to see me fail  
love to se me fail  
fioirst you blame it on the look  
now you balme it on the fame  
but the only thing that's changed  
is I'm finally getting paid  
I know you love to see me fail

you love to see me fail /3x

back when I was up in school  
you didn't wanna hang  
now you see me in the street  
and you tell me I'm the man  
you love tosee me down  
you thought that I was out  
when I'm in the dirt  
they like to kick me to the ground

so I breathe slow till I can't feel  
till the pain in my mind it kinda heals  
I een on a rollercoaster lately  
I don't even know if all I see is ral  
I don't even if what I feel is real  
I don't even know what is really happening  
got a couple friends that I keep on asking  
sometimes I feel like I'm the latest fashion  
sometimes I feel like that I am not in fasion  
guess I've grown to hate all that  
sometimes I feel like all I need is rapping  
it kinda feel like I might need some help  
working overtime for like someone else  
I don't really like nobody else /2x

i know you love to see me fail  
love to se me fail  
fioirst you blame it on the look

I really love my ma  
I;m proud to be her son  
better brother to my sister  
she doesn't need another one  
bur she's got there  
that's ot including me  
feel like the Queen's Guard  
when we're walking down the streets

so I breathe slow till I can't feel  
till the pain in my mind it kinda heals  
I een on a rollercoaster lately  
I don't even know if all I see is ral  
I don't even if what I feel is real
