

Barthezz - Fiskuzz vs. Aquagen, Charriots Of Surv

Danger in the night, the hounds are at your heels
Crowling in the mud I striven like and you
Prisoner on the run in winter time
You gotta try and hide
All you feel is pain is burnin' in your soul
Driving you insane, on and on you go
Prisoner on the run don't lose your mind tonight
You don't wanna die
Oh-oh-oh-oh-oh
You gotta survive but it's just not enough to hold on
Oh-oh-oh-oh-oh
You wanna survive but it's just not enough to go on
Sleeping as you run, you're watching where you stay
Anger in your heart, panic in your head
Rebel on the run tonight in discribe time is not on your side
Raining hard and fast you're just moving slow
How long as you last on and on you go
Rebel on the run don't lose your mind tonight
You don't wanna die
Oh-oh-oh-oh-oh
You gotta survive but it's just not enough to hold on
Oh-oh-oh-oh-oh
You wanna survive but it's just not enough to go on
Oh-oh-oh-oh-oh
You just wanna stop but your body is moving you on
Oh-oh-oh-oh-oh
You just wanna stop but you know that you gotta go on
Wilder and wilder, you've grown inside me
I don't know where I'm going
I'm like a tiger in the night looking for a place to hide
I have to escape, I have to escape from here
