

# Basement Jaxx, Take Me Back To Your House

Everybody's all drunk  
Everybody's had enough  
It's getting ugly out  
So tired, so tired, so tired  
So take me home.  
It's getting late for me  
I'll come if you wait for me  
Let's get out of this place  
Never changes it just stays the same  
Just take me home

C'mon let's go  
I just wanna run away  
I've had it here  
I just gotta get outta here  
I've had it here  
I just wanna run away  
I'm done with this  
Grab your coat  
Just take me, take me

Just take me back to your house, your house  
C'mon take me back to your house, your house  
Just take me home  
Don't wanna go home all alone.  
No No No No  
(repeat chorus)

Just put a record on  
Make it a country song  
C'mon make a drink for me  
Let's sing along to songs of achin' hearts  
Let's stop all the talk  
Let's take it easy now  
We don't have to worry  
Bout anything at all until the dawn  
Just take me home  
C'mon let's go

I just wanna run away  
I've had it here  
I just gotta get outta here  
I've had it here  
I just wanna run away  
I'm done with this  
Grab your coat  
Just take me, take me  
(repeat chorus)

Take the keys to my car  
Let's drive  
I'm lonely, so lonely  
Can I come home with you?  
I'm lonely, so lonely  
Can I come home with you?  
My head is spinning circles  
Think I need a rescue  
I don't know why  
I just feel like chillin' with you  
I'm chillin' with you  
I'm chillin' with you  
I'm chillin' with you  
(repeat chorus x 2)

Don't you wanna get out, get out, get out?  
Take the keys to my car, Let's drive.  
I'm lonely, so lonely  
Can I come home with you?  
I'm lonely, so lonely  
Can I come home with you?  
My head is spinning circles  
Think I need a rescue  
I don't know why  
I just feel like chillin' with you

Black ice melting in the stream  
I can't hold on to how I used to be  
I better man would understand  
Will you?
