

Bashy, Kidulthood to Adulthood

made for the film 'Adulthood'

Yo yo... x7

Don't ya know, yo Bashy

And i move like bore, shank, wet, WAT

If it's not that your getting nicked with my horsh

If you ever try gettin next to my dosh

or if you ever try get next to my porsche

You heads coming off, you lil tart

take off your bra, are you sexin or what

Im gonna rub you neck on my cock

and then your gonna f*** in my bedroom or what

It's alot, its alot until you get shot

or your getting murdered in the dark

cuz they caught you with rocks in your sock

and when you come out you can't get a job

These lil nobs don't understand fully

they just care about babes and hoodies

their on a hype, till the end of life

and the end of kidulthood

CHORUS

Gotta go from kidulthood to adulthood (i know)

Now i must act like an adult would be

act like an adult should (i know)

I gotta brake the cycle, cuz if i go peng

or end up dead, then it's my fault... x2

And i move like bottle, pole, bar CRACK

f*** about, hit you with a bat like Sam

punch, kick it, hit you with a brick like Dan

5.0. come everybody better scam

I love raving when it gets round

let somebody think he's a bad man

i'll boy him off in front of the gal

let man know who's wicked and bad,

but that braa might wanna come back

might wanna kick it off on the next day,

cuz he's got revenge in his heart like Jay

so when he see's me he's gonna get moody

and try do me, really we should be more like

moony and go uni, we act just like an adult should

brake the cycle like someone from adulthood

CHORUS

Gotta go from kidulthood to adulthood (i know)

Now i must act like an adult would be

act like an adult should (i know)

I gotta brake the cycle, cuz if i go peng

or end up dead, then it's my fault... x2

And I move like pirate, raves, mixtape album

Done with the clashing Ive seen the outcome

Nuff badman I wont been around dem

Nuff MCs in the scene that could out them

But I love them

Coz its not about them

The roads are nuts like almonds

Im a musician and I use my position

To influence thousands

Look, I said Im not on a hype cuz

Im far from a kidult now, Im much wiser

Blud Im older Im grown up

So now I gotta act like a grown up

I used to be wild I was acting raggo

On the defensive acting paro

But now Im on the straight and narrow

Cuzzy Ive gone from a kid to an adult

CHORUS

Gotta go from kidulthood to adulthood (i know)
Now i must act like an adult would be
act like an adult should (i know)
I gotta brake the cycle, cuz if i go peng
or end up dead, then it's my fault... x2
