

Basic Element, Bitch

You're just a damn old
You're just a damn old bitch,
and I don't believe any word you say,
you can give your best shot, if you want it's OK,
Just watch your fame, but it's over now
You're just a damn old bitch,
and I don't believe any word you say,
you can give your best shot, if you want it's OK,
Just watch your fame, but it's over now
You're just a damn old bitch
You're just a damn old
I'm that dangerous girl,
The one in my fantasy world
The one with the diamonds and pearls
That bitch that rock your world
I'm that dangerous girl,
The one in my fantasy world
The one with the diamonds and pearls
That bitch that rock your world
I'm that dangerous girl,
The one in my fantasy world
