

Basic Element, Feelings

I've got these feelings
I've got these feelings in my head
Cause I'm not sleeping when you're not sleeping in my bed
Just turn it around
And try to say the way I'm doing tonight, every night
But don't make a sound
Cause every time you do, you don't get it right
Only lie, it's only lie
(Don't...)
It's only lie...
(Right...)
