

# Bat For Lashes, Sarah

Adopting Sarah's heart  
Was never gonna be easy  
With an angel tattoo sinking beneath her belt  
Sarah  
And the dirty blonde sea-water  
Sea-water gushing down  
Chewing fingernails in her shit-eating grin  
Sarah

They cut out her heart when  
She was a little girl  
And in the fishing boat she thought  
She saw the shadow of God  
Sarah  
He didn't smile at her and she decided  
He never came at all  
And when she died, she was going nowhere  
Nowhere, nowhere

Sarah, I want to be like you  
Sarah  
You know sometimes I want to live like you  
Sarah  
So I know how it feels not to feel

Adopting Sarah's heart  
Was never gonna be easy  
Changing from black to blonde to black to blonde  
Sarah  
But on the dirty tarmac of  
The tarmac of a melting motorway  
She gave me her clothes and told me to take her place, her place

Sarah, I want to be like you  
Sarah  
You know sometimes I want to live like you  
Sarah  
So I know how it feels not to feel

Sarah, I want to be like you  
Sarah  
You know sometimes I want to live like you  
Sarah  
So I know how it feels not to feel
