

Battlelore, Gwaith i Miridain

Gwaith-i-mridain

Music: Jussi Rautio and Battlelore

Lyrics: Jyri Vahvanen

Thousand years of peace

They lived together

No grudge nor greed

Without was heavenly better

Dwarvens artisans

The greatest elven smiths

Crowded the mountain halls

And city of Ost-in-Edhil

People of the jewel smiths

Gwaith-I-Miridian

People of the jewel smiths

Gwaith-I-Miridian

Thousand years of peace

They lived together

No grudge nor greed

Without was heavenly better

Two lores as one

Aroused the days of wonder

Casted the spells and charms

Unleashed the power of god

Once again they'll reveal

Their souls

Once again they'll see

Beyond the higher arts

By their hands were made

All the things

Crown of the Jewels

Enchantment of the Rings
