

# Bazzi, Honest

[Intro]

If we had just been honest

[Verse 1]

Gonna turn my read receipts on  
Just to let you know I won't respond  
Girl, it hurts me to do this  
But I'm not looking for excuses  
And I deleted all your info  
'Cause I heard about the info  
Always knew that you be ruthless  
But I never thought that you could do this, oh

[Pre-Chorus]

And the fucked-up part is I gave y'all the intro  
That was my dude; why you gotta pick him though?  
I was selfish in the way that I acted  
I keep doing things just to get your reaction

[Chorus]

Yeah, I wonder if he still with you now, fucking you like I used to  
I know you think about all the things that we did when he's with you  
And do you feel no shame?  
Does he make you feel the same?  
Could we have got what we wanted  
Oh, if we had just been honest?  
Why can't we just be honest?  
If we had just been honest

[Verse 2]

Remember (yeah)  
Late night, smokin', we under star projectors  
Looked in my eyes where the smiles forever  
I think we both know what was up, where this was goin'  
But the sex was too good we got caught up in the moment  
Now you took my best friend and turn him into my opponent  
Oh yeah, yeah, yeah

[Pre-Chorus]

Did you forget that I gave y'all the intro  
That was my dude; why you gotta pick him though?  
I was selfish in the way that I acted  
I keep doing things just to get a reaction

[Chorus]

Yeah, I wonder if he still with you now, fucking you like I used to  
I know you think about all the things that we did when he's with you  
And do you feel no shame?  
Does he make you feel the same?  
Could we have got what we wanted  
Oh, if we had just been honest?  
Why can't we just be honest?  
If we had just been honest  
If we had just been honest

[Outro]

Maybe it's the pills  
Maybe it's the drugs  
Maybe it's the pride
