

Bazzi, Somebody

[Intro]

Yeah

Oh, wait

[Verse 1]

Abusing all my authority

Shutting down these sororities

Music is the priority

All the other shit is a minority

Superman, they can't stop me now

Bad vibes, I just block them out

Michigan where I was poppin' out

Now I'm in the Hills and I'm poppin' now

I can't take my eyes

Take them off this life

Oh, yeah

My paradigm is to feel alive

[Pre-Chorus]

If you ever turn your back on me

I'ma turn this thing into a tragedy

And I don't want to end this shit tragically

But I know things ain't what they tend to be

And I want to feel your energy

I don't want to turn you to an enemy, but

[Chorus]

We all want to be somebody

We all want to be anybody

We just want to feel something real

We all want to be somebody

We all want to be anybody

We just want to feel something real

[Verse 2]

I got somethin' to focus on

They see diamonds, they focus gone

20 years and I'm more than strong

I'm in this thing 'til my pulse is done

Feelin' after like novacane

I feel the sun, I don't see the rain

Found myself and the game was changed

No more sleep and I'm wide awake

[Pre-Chorus]

If you ever turn your back on me

I'ma turn this thing into a tragedy

And I don't want to end this shit tragically

But I know things ain't what they tend to be

And I want to feel your energy

I don't want to turn you to an enemy, but

[Chorus]

We all want to be somebody

We all want to be anybody

We just want to feel something real

We all want to be somebody

We all want to be anybody

We just want to feel something real

[Outro]

We all want to be, we all want to be

Somebody

We all want to be, we all want to be

Somebody
