

# BBMak, Again

Can you help me ease the pain  
Can I hold you once again  
You know that they often say that love is blind  
My heart can't see  
The reason why you left our love behind is hurting me  
Is there a chance that we can be again  
Hold my head up wipe the tears  
I'm not crying for you no more

Chorus

So don't go away  
Again
