

# Be Free, Forever

I waste my time thinkin about you  
Youre the only one  
Why should I lose my religion?  
Youre the only one  
Why should I stay in your city?  
Youre the only one

REF:

Day after day I still believe we can keep together  
Day after day I lose my faith we will stay together  
Thousand times, houndred miles  
Youre the only one  
And every sleepless night  
Youre the only one  
Why should I lose my religion?  
Youre the only one

REF:

Day after day I still believe we can keep together  
Day after day I lose my faith we will stay together
