

Be Your Own Pet, Black Hole

Drinking Coca-Cola all night
Ooh baby, wanna get in a fight
Breaking bottles is so fun
Let's go and kill someone
Living in the city I get so bored
Wanna throw myself on a telephone cord
I guess we could go drive around
What's the point in this town

Always going back and forth
Ooh, I'm living in a black hole
Sick of all the same lame faces
Ooh, I'm stuck in a black hole
Always going back and forth
Ooh, I'm living in a black hole
Tired and there's nowhere to go
Oh, I'm stuck in this black hole

Staying up till six in the morning
Trying to find something that's not boring
Wake up, go party down the street
And show those kids to the beat
Eating pizza's really great
So is destroying everything you hate
I just wanna lose all control
Fucking hell hole

Always going back and forth
Ooh, I'm living in a black hole
Sick of all the same lame faces
Ooh, I'm stuck in a black hole
Always going back and forth
Ooh, I'm living in a black hole
Tired of and there's nowhere to go
Oh, I'm stuck in this black hole

Drinking Coca-Cola all night
Oooh baby, wanna get in a fight
Breaking bottles is so fun
Let's go and kill someone
Living in the city I get so bored
Wanna throw myself on a telephone cord
I guess we could go drive around
What's the point
