Call you up on a Tuesday  
Say 'What's up'  
Babe it's too late  
Why'd you have to be so complicated  
Complicated

'Cause I'm not sure if I've seen you before  
You looked familiar when I saw you  
We go together like the gum on my shoes  
We make out, we make out when it's too late  
We go out, we go out on a Tuesday

A crowded place  
Waiting for you  
Am I lost why can't I find you  
A silhouette that's in my head  
You don't exist  
You're my imagination  
You don't exist  
You're just a bad decision

'Cause I'm not sure if I've seen you before  
You looked familiar when I saw you  
We go together like the gum on my shoes  
We make out, we make out when it's too late  
We go out, we go out on a Tuesday
