

Beach Boys, Some Of Your Love

Beach Boys

Keepin' The Summer Alive

Some Of Your Love

Some some some of your love (won't you give me some)

Some of your love

Some some some of your love (dip de doody doo ah ah)

You gotta see my favorite little acrobat

She really got her every little move down pat

She's got my vote for number one in the class

I couldn't help but try to make a forward pass

Some some some of your love (won't you give me some)

Some of your love

Some some some of your love (dip de doody doo ah ah)

There's nothin' like a-romancin' in the stands

Walking down the hallways a-holdin' hands

Punchin' up our juke box favorite band

Cuddlin' up in summer moonlight in the sand

Kiss me, baby

Hold me tight tonight

Some some some of your love

A gimme some some some of your love now

Some some some of your love

A gimme some some some of your love now

Some some some of your love

Wontcha gimme some some some of your love

Some some some of your love

Some of your lovin'

Some some some of your love

Woncha gimme some of your love

Some some some of your love

Some of your lovin'

Some some some of your love

Woncha gimme some of your love

Some some some of your love

Some of your lovin'

Some some some of your love

Woncha gimme some some of your love

Some some some of your love

Some of your lovin'
