

# Beach Boys, Wind Chimes

Beach Boys

Smile

Wind Chimes

Hanging down from my window

Those are my wind chimes

On the warm breeze the little bells

Tinkle like wind chimes

Though it's hard i try not to look at my wind chimes

Now and then a tear rolls off my cheek

Close your eyes and lean back now listen to wind chimes

In the late afternoon you're hung up on wind chimes

Though it's hard i try not to look at my wind chimes
