

Beartooth, What Are You Waiting For

2, 3, 4

Do you fit in your skin?

Do you wanna start over again?

Do you get what you give?

Do you wanna start over again?

Come on

Do you hate who you've been?

Do you wanna start over again?

Do you lose while they win?

Do you wanna start over again?

Burn it to the ground

Turn your life around

No better time than now to ask yourself

What are you waiting, what are you waiting for?

Your head, does it spin?

Do you wanna start over again?

Are you out, are you in?

Do you wanna start over again?

Burn it to the ground

Turn your life around

No better time than now to ask yourself

What are you waiting, what are you waiting for?

Do you fit in your skin?

Do you wanna start over again?

Do you wanna start over again?

Do you wanna start over again?

Do you wanna start over again?

Do you wanna start over again?

Do you wanna start over again?

Come on

Burn it to the ground

Turn your life around

No better time than now to ask yourself

What are you waiting, what are you waiting for?

What are you waiting, what are you waiting for?
