

Beat Happening, Cry For A Shadow

I see you crying
See the pattern
They come and go
Leave you shattered
You've shed for so many untrue
Can you cry for a shadow?
Can you cry for a heart crying out for you?
Can you cry for a shadow?
No one asked you to

They don't deserve
Your priceless tears
You will whisper
Fill your ears
A reflection of a love long due
Can you cry for a shadow?
Can you cry for a heart crying out for you?
Can you cry for a shadow?
I cried for a few

Can you cry
Dry the tears and try

Now stop crying
It doesn't matter
Just lean closer
So I can gather
Every drop of your precious tears
When you're crying for a shadow
When you're crying for a heart crying out for you
When you're crying for a shadow
Like I cried for you

Can you cry
Dry the tears and try

It's not the crying
It doesn't matter
Just lean closer
So I can gather
Every drop of your precious tears
When you're crying for a shadow
Crying crying for a shadow
When you're crying for a shadow
Crying crying
Like I cried for you
