

# Beat Happening, Honey Pot

Honey pot  
I love you a lot  
Honey pot  
You say you're not

You got five other guys saying love me do  
You know what they want from you  
Me, all I ask is love  
And honey pot, my love you can trust

Honey pot  
I love you a lot  
Honey pot  
You say you're not

But when you're alone and feeling bad  
I'm the one who'll always have  
A place for you to turn to in trouble  
And honey pot I'll always love you

Honey pot  
I love you a lot  
Honey pot  
You say you're not

Oh honey pot I can tell by your eyes  
You're as wild as I am shy  
So take me by the hand and lead into that land  
Where everything is honey and sweet and sugar pie

Honey pot  
I love you a lot  
Honey pot  
Please say you will  
Please say you will  
Please say you will  
Oh honey pot
