

# Beat Happening, Me Untamed

Everything I learned  
Is burned  
Everything I know  
Is blown

You got love insane  
You got me untamed  
Me untamed

You got me black and blue inside of you  
I'm racing to the edge of my chain  
You got me  
Untamed (x4)  
Me untamed

Hey ugly duckling  
Let's get lost tonight  
When I feel you breathing down my neck  
Yeah yeah, everything's alright

You got it insane  
You got me untamed  
Untamed

There's a side of you that won't come through  
Are you gonna let me out of this cage?  
You got me  
Untamed (x4)  
Me untamed

Gonna get you in the land of nod now baby  
Gonna get you in the land of nod  
Gonna get you in the land of nod now baby  
Gonna get you in the land of nod  
Gonna get you in the land of nod now baby (x3)  
Get you in the land of nod now baby  
Gonna get you in the land of nod

All the things I do  
Are through  
Will you on the edge of heaven  
Yeah, coming for me soon  
You got love insane  
You got me untamed  
Untamed (x4)  
Gonna get you in the land of nod  
Me untamed
