

# Beat Happening, Midnight A Go-Go

Don't you mind that daily grind  
Cause I walk down the side streets too  
Nine to five where they live their lives  
Never knowing what the night looks to you

Hey girl, come with me  
We're on our own, can't you see  
The world is different, we're outside  
Take a step midnight a go-go tonight  
Take a step midnight a go-go tonight  
Take a step midnight a go-go tonight  
Take a step midnight a go-go tonight

L7 can have the day  
They'll never take the night time away  
Midnight a go-go, yeah yeah  
Is when we come out to play

Hey girl, come with me  
We'll stop the world, then let it go free  
I need to know what's in your mind  
We'll touch our souls, then leave them behind

Hey girl, come with me  
We'll stop the world, then let it go free  
I need to know what's in your mind  
We'll touch our souls, then leave them behind

Ah, midnight a go-go, yeah yeah  
Ah, midnight a go-go, yeah yeah  
Ah, midnight a go-go, yeah yeah  
Midnight a yeah yeah, go go.
