

Beat Happening, Noise

What do you want me to do now?
You say you can see through me
I sit alone looking down
You sit alone on your throne
Down the back you want me to stroll
Up your legs you want me to hold
In your arms and hear all the sound
Our hearts beat now but
It's only noise

To move it over to turn to stone
To pull the sword out of my bone
Our love calls through the door
Our love
There is no sound
It's only noise
It's only noise
It's only noise

I heard your voice, it's out of tune
My thoughts gone, steeplechasing the moon
I heard you say that I didn't hear
I like the way you fix your hair

What do you want me to do now?
You say you can see through me
I sit alone looking down
You sit alone on your throne
Down the back you want me to stroll
Up your legs you want me to hold
In your arms and hear all the sound
Our hearts beat now but
It's only noise

To move it over to turn to stone
To pull the sword out of my bone
Our love calls through the door
Our love
There is no sound
It's only noise (x5)

It's only noise (x4)
