

# Beat Pressure, For My Love

Beat Pressure

Miscellaneous

For My Love

Why should I forget the lie, believe

When I think of you and me it's a dream

But now ..... could you be

Better stay with me. Oh oh

As if I look into your eyes

I know you will, I feel you will again

You'll be longing for me love. Yeah yeah

You'll be longing for me love. For my love

But now ..... could you be...
