

Beat Union, Pressure Zone

Oh

You're workin' for the man, now you're workin' day and night
You like schoolwork such I hope I said "Your future looks so bright"
Diversity is over, the week days are a coma
And then you can't stay sober, there must be more to life
It's hard to breathe, a love alone on your own
It's a machine, the pressure zone pressure zone
Wheels keep on turnin', you're humbled and you're earning
But money keeps on burnin', your dreams go up in flames
Don't say you're ready to explode
I know, I know you're in the pressure zone
You know, you know, you know you're not alone
I know, I know you're in the pressure zone
You know, you know, you know you're not alone
You can't afford a future, there's no credit for me and you
Keep your nose pressed to the glass door, there's nothing you can do
Just go about your business, and keep on payin' interest
What kind of lifestyle is this when it's killin' me and you?
Don't say you're ready to explode
I know, I know you're in the pressure zone
You know, you know, you know you're not alone
I know, I know you're in the pressure zone
You know, you know, you know you're not alone
not alone not alone ohh
Yeah-oh, its alright, you're not alone
Yeah-oh, you feel alright, the pressure zone
Yeah-oh, its alright, you're not alone
Yeah-oh, you feel alright, the pressure zone
Don't say you're ready to explode
Don't say it, don't tell me "Let it go"
I know, I know you're in the pressure zone
You know, you know, you know you're not alone
I know, I know you're in the pressure zone
You know, you know, you know you're not alone
I know, I know you're in the pressure zone
You know, you know, you know you're not alone
I know, I know you're in the pressure zone
You know, you know, you know you're not alone
not alone not alone not alone, oh!
