Step Inside Love/los Paranoias(lennon/mccartney//lennon/mccartney/harrison/starkey)

Step inside love and stay,

Step inside love.

Step inside love.

Step inside love.

I want you to stay.

You look tired, love,

Let me turn down the light.

Come in out of the cold,

Rest your head on my shoulder

And kiss me tonight.

We are together now

And forever, come my way.

Step inside love and stay,

Step inside love,

Step inside love,

Step inside love,

I want you to stay.

Joe prairies and the prairie wallflowers.

Los paranoias.

Los paranoias invites you to

To just enjoy us.

Come on you can do

With baby,

Come on and join los paranoias.

Just enjoy us.

Los paranoias,

Los paranoias.

Come on and enjoy us.

Harmony.

Los paranoias,

Come on and enjoy us.

We're los paranoias.

We're here to sing for you

And whatever you want us to

We will sing a little song for you.
