You'll Be Mine(lennon/mccartney)
Well darling all the night
You'll be mine and i know
You'll be mine
Till you die
You'll be mine

And so all the night
You'll be mine
You'll be mine
And the stars
Always shine
You'll be mine
Oh

My darling, when you burnt
That toast the other morning
I, i looked into you eyes and
I could see that national health eyeball
And i love you, like i've never done,
Like i've never done before!

Oh darling
In your eyes
And you'll be mine
You will be mine
You'll be mine
At the star and so
You'll be mine
