

# Bebe Rexha, Human

Phones in our faces  
Still waiting for that high, next notification  
Where's the conversation?  
I'm getting real restless, staring at faces

Filter this, filter that  
It don't even matter what you got  
Who you are is all that I'm after  
I'm afraid that lately we're losing our selves

Cause I just wanna be human  
Baby I just wanna feel  
I just wanna be human  
Can you give me something real?  
Oh, I wanna live, I wanna love, I wanna touch  
Let's just be human  
I wanna fight, I wanna cry, it's not enough  
Let's just be human

So what am I chasing?  
Posting up pictures for the validation  
The more I get attention  
The more I feel lonely, there's something missing

Follow me, follow her  
It don't even matter what you got  
Who you are is all that I'm after  
I'm afraid that lately we're losing our selves

Cause I just wanna be human  
Baby I just wanna feel  
I just wanna be human  
Can you give me something real?  
Oh, I wanna live, I wanna love, I wanna touch  
Let's just be human  
I wanna fight, I wanna cry, it's not enough  
Let's just be human

I wanna be human, oh  
Oh, I wanna live, I wanna love, I wanna touch  
I wanna fight, I wanna cry, it's not enough

I just wanna be human  
Baby I just wanna feel  
I just wanna be human  
Can you give me something real?  
I wanna live, I wanna love, I wanna touch  
I wanna fight, I wanna cry, it's not enough  
Let's just be human

I wanna be human, no
