

Bebel Gilberto, Baby (Yam Who? Dub Mix)

Come back, come back
Come back, come back
Come back, come back
Come back, come back
Come back, come back
Come back, come back
You know, you must take a look at the new land
The swimming pool and the teeth of your friend
The dirt in my hand
You know, you must take a look at me
Baby, baby
Baby, baby
You must try the new ice cream flavor
Do me a favor, look at me closer
Join us and go far
And hear the new sound of my bossa nova
Baby, baby
Baby, baby
Baby, baby
Baby, baby
Baby, baby
Come back, come back
Come back, come back
Come back, come back
