## Bebel Gilberto, Baby (Yam Who? Dub Mix)

Come back, come back Come back, come back

You know, you must take a look at the new land The swimming pool and the teeth of your friend

The dirt in my hand

You know, you must take a look at me

Baby, baby Baby, baby

You must try the new ice cream flavor

Do me a favor, look at me closer

Join us and go far

And hear the new sound of my bossa nova

Baby, baby Baby, baby

Baby, baby

Baby, baby

Baby, baby

Come back, come back Come back, come back

Come back, come back
