

Beck, Aphid Manure Heist

Amanda,
Fire and lightning,
Making sure they had faith in the light
And they made her
The greatest woman
The greatest woman
To be the man's greatest wife
I thought it all over
Lord knows I've tried
It's a great struggle
In any man's life
To look in the mirror
In total surprise
At the great hair on her shoulders
And the great big, big, beautiful, beautiful eyes...

A-man..
