

# Beck, Blue Moon

...

See the turn caught on his knees  
If I got a back that no one sees  
When I'm most throwing showing  
You can say but won't you pout and bow

You're gonna leave me on my own  
Left withstanding all alone

Cut me down to size  
So I'll lock the fit and size  
Last you tried to hide  
Hide your eyes
