

Bed & Breakfast, I'll Be There For You

I'll be there for you
whenever you need me, too
I'll be there for you
whenever you need me
whenever you want me
whenever you need me
whenever you want me
'cause I need to be with you, too

I know it took me some times
to realize what you mean to me
when I was out of my mind
you made me believe in me
Sometimes I find I may be blind
but you'll make me see

I'll be there for you...

I know when you are by my side
we could leave the world behind
for me there's nothing to hide
with you I'm feeling so real
Sometimes I find I may be blind
but you'll make me see

I'll be there for you...
