

Bedoes & Lanek, Kold Nights

i was going through the night
I'm just tryna find peace
going through your eyes
I'm just tryna find me
going through your heart
I'm just tryna find anything
I'm just tryna find anything

i was going through the night
I'm just tryna find peace
going through your eyes
I'm just tryna find me
going through your heart
I'm just tryna find anything
I'm just tryna find anything
