

Bee Gees, Could It Be

Look at me,
I don't know what I'm doing
ever since I looked at you.
How did I get this crazy feeling?
Could it be I'm in love with you?

Ever since I saw you in the moonlight
I've had this feeling through and through,
since that time, I haven't done a thing right.
Could it be I'm in love with you?

Oh golly gee,
I don't know where I'm going,
I'm trying to make you see,
oh boy, I got to make her fall in love with me.

Oh, night after night, I'm always dreaming,
why don't you make those dreams come true?
Can't you see how much I really love you?
Why don't you learn to love me too?

Oh golly gee,
I don't know where I'm going,
I'm trying to make you see,
oh boy, I got to make her fall in love with me.

Oh, night after night, I'm always dreaming,
why don't you make those dreams come true?
Can't you see how much I really love you?
Why don't you learn to love me too?
Love me too,
love me too.
