

Bee Gees, Don't Fall In Love With Me

Don't fall in love with me baby
it's a love that just won't last.
Your eyes are lookin' out at the future
but you see the past.
You know love was made for a dreamer
but when the dream is out of sight
Well, all you're gonna get in the morning
is a lonely night
(Gonna be a lonely night Nothing but a lonely night)

Saving it all for something wild and wonderful
Holding it down
There's gotta be another horizon
Keep it inside
Don't throw away your precious love
'cause if you need to be free you can take it
Not a prison of love that you make it

Don't fall in love with me baby
It's a love that just won't last
Your eyes are looking out at the future
but you see the past
You know hearts are made to be broken
and your love has broken mine
Now all your gonna get in the morning is a lonely night
(Gonna be a lonely night
nothing but a lonely night
gonna be a lonely night
you're gonna be blue...
oo...oo..woo woo...oo
Gonna be a lonely night
nothing but a lonely night
Gonna be a lonely night)

Saving it all for something wild and wonderful
Holding it down, there's gotta be another horizon
Keep it inside
Don't throw away your precious love
'cause if you need to be free you can take it
Not a prison of love that you make it

Don't fall in love with me baby
It's a love that just won't last
Your eyes are lookin' out at the future
but you see the past
You know love was made for a dreamer
and your love has broken mine
Now all your gonna get in the morning is a lonely night
(gonna be a lonely night
nothing but a lonely night
gonna be a lonely night
You're gonna be [1] blue...oo...woo...oo
Gonna be a lonely night
Nothing but a lonely night
gonna be a lonely night)

You're gonna be ...
[1] repeat and fade
