

Bee Gees, Eaten Alive

Animal stalking you at night
I'm a sucker for someone
And I got the prey in sight
Lying on your bed of leaves
In the modern times
You forget and let your spirit breathe
Capture me my blood is red
Another victim of your ritual
For you my skin is shed
Ecstasy ain't what you find
In the modern world
One flick of my tongue
Changes the meaning of the word
And you say

That's impossible
It's not impossible to do , oh
And you can digest what I can see
The taste of you can be

I don't wanna get eaten alive
'cos you're so dangerous
No more hearts I can trust ,you see
I don't wanna get eaten alive
To be eaten alive , eaten alive
I don't ever wanna be , ha,ha, eaten alive , uh huh

Now I got you on the run
The quicker my senses
And the chance is I'm the faster one
I know the universal law
Primeval times
With a little stimulation
It'll come once more
And you say

That's impossible
It's not impossible to do , oh
And you can digest what I can see

The taste of you can be

I don't wanna get eaten alive
'cos you're so dangerous
No more hearts I can trust , you see
I don't wanna get eaten live
To be eaten alive , eaten alive
I don't ever wanna be , ha ha , eaten alive , uh huh

(break)

I don't wanna get eaten alive
'cos you're so dangerous
No more hearts I can trust ,you see
I don't wanna get eaten alive ,to be

Tie me to a tree , crawl all over me
You can rip my shirt , drag me in the dirt
I will be your slave , anything you say
I don't ever wanna be , ha ha , eaten alive , uh huh

(break)

I don't wanna get eaten alive
'cos you're so dangerous
No more hearts I can trust , you see
I don't wanna get eaten alive
'cos you're so dangerous
No more hearts I can trust , you see
I don't wanna get eaten alive
'cos you're dangerous
No more hearts I can trust , you see
I don't wanna get eaten alive
To be eaten alive

Gotta do her , crawl all over me
You can rip my shirt , drag me in the dirt
I will be your slave , anything you say
I don't ever wanna be , eaten alive
