Bee Gees, Follow The Wind

I'm so weary from holding this load But it's only, love for you, that I walk this lonely road I must follow the wind, follow the wind And the wind will take me hold before the cold

Ev'ry stay I have counted Each flower I have seen But the place where I'm going , there's no grass as green I must follow the wind , follow the wind And the wind will take me home where I can dream

In the hour I am lonely, you're love will be mine I will stay in your arms dear, until comes the time I must be on my way for my home is anywhere I have no time to stay, I have no time to care I must follow the wind, follow the wind As the wind gently blows in my hair

(break)

I must follow the wind , follow the wind As the wind gently blows in my hair I must follow the wind , follow the wind As the wind gently blows in my hair
