

# Bee Gees, Greatest Man In The World

Before I heard your voice I never heard a sound like that before  
I wanna hear it more and more  
Take me to heaven  
My love is stronger than the wall  
I'll climb it till I fall so I can hear you call your love  
I'd be the greatest man in the world  
'cause I can say I got the greatest girl  
I'd be the greatest man in the world  
'cause I can say I got the greatest girl

Before I saw your face I never say a dream like that before

I wanna see it more and more  
Take me to heaven  
My love is stronger than the wall  
I'll climb it till I fall so I can hear you call your love  
Be the greatest man in the world  
'cause I can say I've got the greatest girl  
Be the greatest man in the world  
'cause I can say I got the greatest girl, the greatest girl

Be the greatest man in the world (repeat line and fade out)
