## Bee Gees, He's A Thief

He steals hearts and he steals my kisses He stole away my love He steals my thoughts And now it seems He stole into my dreams

Cos he's a thief , oh He's a thief He's a thief

He's got me ensnared in his clutches His love does not seem real He's got me there, in solitaire His love is made of steel

But he's a thief , oh yeah He's a thief , oh He's a thief I locked my heart and threw away the key But he's knocked once and 'open sesame '

He steals hearts and he steals my kisses He stole away my love He steals my thoughts And now it seems He stole into my dreams

But he's a thief Oh, he's a thief He's a thief (fadeout)
