

# Bee Gees, I Close My Eyes

Look at me I'm riding high  
don't know what's wrong with me.  
Can't you see I'm not the guy  
that I pretend to be.  
Though I know I will be lonely  
but our love will never die  
I close my eyes, everyday, I close my eyes.  
Ah.....

The more I try the more I fail,  
I'd like to run away.  
But if I try you pass me by,  
I know that I can't stay.  
Though I know I will be lonely  
but our love will never die  
I close my eyes, everyday, I close my eyes.  
Ah...

Ah....  
Though I know I will be lonely  
but our love will never die  
I close my eyes, everyday, I close my eyes  
I close my eyes. I close my eyes. I close my eyes.
