

Bee Gees, I'll Know What To Do

I.....

If I fall in love , it's only with you
And if I call for love, it's got to be true
But if you fail . to keep it a tie
Then I'll know, it's only a lie
And I'll know what to do
Oh, I'll know what to do

If you wear my ring , you wear it for me
You've got to wear that thing indefinitely
And if you're bad , even just for a while
I'll be sad , then I'll push you behind
'cause I know what to do
Oh I know what to do

I.....

I am a man of words, the few words I say
If you play my game , you play it my way
If you don't , one look in your eye
And I'll know, you're telling me lies
And I'll know what to do
I know what to do

I.....

Oh I'll know what to do
Oh I'll know what to do
