

# Bee Gees, I'm Weeping

When I was 10 years old, my parents were poor  
Our house was so cold  
And I was still in school and learning  
And then I never really got too far  
And ev'ryone we knew had money  
And driving a car, and driving a car

Now I'm twenty-one  
The street where I lived is blown up and gone  
And I've had a good day crying  
And the world around has changed alot  
I never really gave much more  
Much more then I got, much more then I got
