

Bee Gees, Live Or Die

Take one breath
One fundamental sign of life
Don't look back, don't analyze
The tears that you cry
Only the strong survive
The silent sacrifice
And i, I will be your heart of steel
But power has a price

Ain't it time that you believe in someone
Ain't it wrong to let the years go by
Standing face to face forever
Live or die

(chorus)
Hold me like a child
I'm not alive until you do
What you hold in your hand is a miracle
And it's dead if I don't have you
Hold me like a child
Swear you never let go
You're the eye of the storm
The reason I laugh or cry
Live or die
I will stay with you

Take one breath
One fundamental sign of life
No bad blood

No pain can make you draw the knife
We got a world of trouble
But I will never change
And even if we fall tomorrow
We will rise again

Now is the time we show each other
These are the words I kept inside
Standing face to face forever
Live or die

(chorus)

Live or die
I will stay, with you

Take one breath
One fundamental sign of life
Don't look back
We love each other live or die
Hold me like a child
I'm not alive until you do
Live or die
I will stay with you
Take one breath
One fundamental sign of life
Don't look back
We love each other live or die
Hold me like a child
