

Bee Gees, Red Chair Fade Away

Red chair, fade away
Bring back memories
Think of something nice
Fragrant lemon trees
I can feel the speaking sky
I don't want to know
It's filling up the air
Grandpa's fairy tale
Red chair round the fire
Rainbows all the time
We're all going higher
I can feel the speaking sky
I don't want to know
It's filling up the air

Red chair fade away
Red chair fade away
Red chair fade away
Red chair fade away
Red chair fade away
Bring back memories
Think of something nice
Fragrant lemon trees
I can feel the speaking sky
I don't want to know
It's filling up the air
Red chair fade away
