

# Bee Gees, Secret Agent

I grabbed my hat and I went walking in the rainy night  
My world turned upside down  
I heard the roaring of the engines of a dc3  
I'm casablanca bound  
The stewardess was standing staring in a fashion  
That could only take my breath away  
The pilot's voice came on the intercom and  
Told me he was workin' for the cia  
Oh,oh,oh,oh,oh,oh,oh,oh,oh,oh  
And he's lost in a dangerous world

So keep on runnin' ,runnin' in the black of night  
Secret agent  
Just keep on runnin', runnin' at the speed of light  
Secret agent  
Oh,oh,oh,oh,oh,oh,oh,oh,oh,oh  
Oh,oh,oh,oh,oh,oh,oh,oh,oh,oh

(break)

And three days later I was woken by a lady in black  
She took my photograph  
And in the safety of the shadows,  
Threw her cameras down the elevator shaft  
She ran and stumbled in the darkness of the empty streets  
My job had just begun  
And without warning I was shaken by a blinding light  
Didn't see the gun , ooh....  
And he's lost in a dangerous world

So keep on runnin' , runnin' in the black of night  
Secret agent

Just keep on runnin',runnin' like the speed of light  
Secret agent  
Oh,oh,oh,oh,oh,oh,oh,oh,oh,oh  
Oh,oh,oh,oh,oh,oh,oh,oh,oh,oh

(break)

Oh,oh,oh,oh,oh,oh secret agent  
Oh,oh,oh,oh,oh,oh secret agent agent

(break)

Look out!

So keep on runnin' , runnin' till you get away  
You're a secret agent

So keep on runnin' , runnin' in the black of night  
You're a secret agent

So keep on runnin' , runnin' in the black of night  
You're a secret agent

Just keep on runnin', runnin' like the speed of light  
'cause you're a secret agent

Just keep on runnin' , runnin' till the break of day  
'cause you're a secret agent

Just keep on runnin' , runnin' till you get away

'cause you're a secret agent
