

# Bee Gees, Smile For Me

Smile for me  
Don't let me see you crying  
For you must keep on trying  
To pretend that you don't care

Smile for me  
If only for a moment  
And even though I'm far away  
My heart will stay with you

One moment of sadness  
Brings you gladness  
And you will learn  
While I'm away  
You must pray for my return

Smile for me

If only for a moment  
And even though I'm far away  
My heart will stay with you

One moment of sadness  
Brings you gladness  
And you will learn  
While I'm away  
You must pray for my return

Smile for me  
Though there's no need for sorrow  
Just wait until tomorrow  
I'm home again  
So, smile for me  
For me  
For me...
