

# Bee Gees, Sound Of Love

See the children play the ball. See them play along the hall.  
It makes me cry to see them smile.  
I see the moon; I see the sky.  
I see reflections in my eyes. And there's no one to share my life.  
I need a life to go my way.  
So ev'ry night I pray.  
Just give me someone for my life.  
I feel a clown. People try to play me down .  
And there's one thing I never found .  
The sound of love.

See the old man walk the lane. See him walk along in pain.  
It makes me cry to see them smile.  
I watch the moon; I watch the sky.  
I see reflections in my eyes.  
And there's no one to share my life.  
I need a life to go my way . So ev'ry night I pray.  
Just give me someone for my life.  
I feel a clown. People try to play me down .  
And there's one thing I never found .  
The sound of love.

The sound of love .Ev'rybody loves the sound of love.  
Ev'rybody loves the sound of love.  
Ev'rybody loves the sound of love (keep repeating and fade)
