

Bee Gees, Technicolor Dreams

Now, I've been accused of going Hollywood
Chasing some cinematic schemes
But I'll give you Panavision pictures
If you give me Technicolor dreams
I never thought in terms of growing up
Nothing is ever as it seems
But I'll give you Panavision pictures
'Cause you gave me Technicolor dreams
Up there, walking on air
I'd like to show you how
I loved you way back then
As much as I need you now
Some people like to send the world away
Some sunlight on some silver beams
And I'll give you Panavision pictures
'Cause you gave me Technicolor dreams
Oh wow, look at us now
All of our dreams fulfill
I would implore you still
From under your windowsill
Sometimes, I'd like to send the world away
Some sunlight on some silver beams
So I'll give you Panavision pictures
'Cause you gave me Technicolor dreams, Technicolor dreams
I'll give you Panavision pictures
'Cause you gave me Technicolor dreams
Go far, follow your star
I'll help you climb that hill
I would adore you still
From under your windowsill
Sometimes I'd like to send the world away
Some sunlight under some silver beams
So I'll give you Panavision pictures
'Cause you gave me Technicolor dreams, Technicolor dreams
